OLD BRUSH

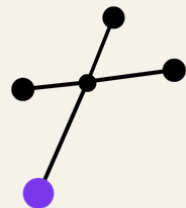

Old Brush is more than a name or a logo—it is a reflection of the craftsmanship, integrity and care behind every finish we create.

Built on the belief that exceptional work never goes out of style, our brand is guided by traditional workmanship, honest relationships and enduring quality.

Traditional Finishes is more than our tagline; it is our philosophy. It represents our commitment to timeless techniques, attention to detail and finishes designed to last. Every project is an opportunity to build trust, preserve character and create spaces that homeowners are proud to call their own.
